

# Braunstone Swimming Club Sponsored Swim

## The Big Total Raised

**£1675.56**

On behalf of Braunstone Swimming club I would like to say a big thank you to everyone who took part in this joint fund raising event for 2011 including taking part on the day and most importantly raising such a massive amount of money. We also hope to raise at least a further £100 extra money from the Gift Aid returns from HMRC to take our final total even higher.

As the total raised was so large which is fantastic, Steve and Kirsty Luckcuck have agreed to only receive a £500 donation to their World Challenge fund instead of receiving 50% of the money raised as was the original agreement.

The whole day was very memorable, right from the beginning with our Learn to swim members, to the end of the day finishing with a highly competitive 1 hour relay event. The final number of lengths completed being a staggering 7346 which represented swimming to Marrakech twice and back as far as Casablanca on the second return trip.

A very big well done to everyone.

Also,

Please see the below message received from Steve Luckcuck

"Kirsty and I have been overwhelmed by the support and generosity of all club members who took part in and/or helped out with the event, and all those members, their families and friends who have sponsored swimmers. The success of the event totally exceeded our expectations and goes to show what can be achieved within such a strong and vibrant club. This has gone a significant way towards raising the funds required to support Kirsty's World challenge expedition, and we are delighted to have to have been part of generating such a great total for the club. Thank you once again to one and all."

Steve Luckcuck
